

Roadranger Warranty Claim Submission Guidelines For GMC Dealer Network

OEM Warranty

File claim through GMC for repairs made to GMC vehicles. This applies to all repair facilities, including those on Roadranger Real Time Warranty.

Truck has different nameplate than repairing dealer – before beginning to work on the vehicle, obtain permission to perform a sublet repair through OEM of nameplate truck by contacting either selling dealership or local OEM dealer. Claim to be filed as sublet repair through truck nameplate OEM. If permission is not obtained, dealer cannot perform OEM warranty repair. Claims will not be paid direct for repairs made during OEM warranty.
