

Extend replacement clutch life and ensure smooth shifts.

When a transmission is pulled for a clutch replacement, doesn't it make sense to replace the "other" clutch-related wear components?

The cost to pull the transmission again after the clutch installation far outweighs the cost to replace all the right parts with genuine parts the first time.

An Eaton Clutch Installation Kit has all the parts and instructions you need for longer clutch life, smoother shifts and less wear on your the transmission.

Features

- Input shaft design engineered to eliminate idle gear rattle.
- Shift tower & clutch housing gaskets – includes beaded surface to eliminate leak paths. The clutch housing gasket is compatible with both Fuller's patented "Forced Lube" system and standard configuration transmissions.
- Includes front bearing cover engineered for smoother clutch brake surface with oil return grooves on the input shaft for maximum lube retention.
- Many kits contain long life flywheel pilot bearing with high temperature grease and Viton™ seals to resist the temperatures of today's hotter running engines.
- Some kits include the cross shaft bushings for improved throw-out bearing life, smoother shifting, easier operation and protection against costly clutch housing repairs or replacements.

Popular kits include the clutch release fork for standard or hydraulic clutch release.

Powering Business Worldwide

Eaton® Clutch Installation Kits

RT Series Clutch Installation Kits:

APPLICATION	KIT NO.	INCLUDES INPUT SHAFT #	KIT CONTENTS	QTY.
RT Series	K-2468	23566	Clutch Release Shaft Bushings Front Bearing Cover Gasket Input Shaft Snap Ring (Outer) Input Shaft Snap Ring (Inner) Shift Lever Tower Gasket Front Bearing Cover Clutch Housing Gasket Input Shaft Bearing Pilot Bearing Input Shaft Assembly Clutch Brake Clutch Release Fork Fasteners (Hydraulic CLT Release)	4 (if required)
RT Series – Severe Duty <i>(designed for PTO applications)</i>	K-3762	23566		1
RT Series with 14 Spline Input Shaft	K-3768	4304841		1
RT Series with Hydraulic Clutch Release	K-4125	23566		1

FR Series & Mack RT Series Clutch Installation Kits:

APPLICATION	KIT NO.	INCLUDES INPUT SHAFT #	KIT CONTENTS	QTY.
RT Series with Mack® style Pilot Bearing	K-3599	23566	Clutch Release Shaft Bushings Front Bearing Cover Gasket Input Shaft Snap Ring (Outer) Input Shaft Snap Ring (Inner) Shift Lever Tower Gasket Front Bearing Cover Clutch Housing Gasket Input Shaft Bearing Pilot Bearing Input Shaft Assembly Clutch Brake Clutch Release Fork Fasteners (Hydraulic CLT Release)	4 (if required)
FR Series	K-3600	4304633		1
FR Series with Mack® style Pilot Bearing	K-3601	4304633		1
FR Series with Original Design (4302315) Input Shaft	K-3602	4302315		1
FR Series with Hydraulic Clutch Release	K-4124	4304633		1
				1

Lightning Series Clutch Installation Kits:

APPLICATION	KIT NO.	INCLUDES INPUT SHAFT #	KIT CONTENTS	QTY.
FRLO (Lightning) Series	K-3764	4305624	Piston Pump Eccentric Pump Input Shaft Input Shaft Bearing Shim Kit Front Bearing Cover Assembly Set Screw for Pump	1 1 1 1 1 1 1
